

Saegertown

We're leading the world in high-volume near-net-shape and finished component solutions.

Over **80,000,000** net-shape and near-net-shape components formed per year

Key Products

Appliance Couplings
Fire Safety Couplings
Mining and Road Construction Bits
Ammunition Ordinances
Automotive Safety Components
Powertrain Components
Electric Motor Gear Shafts
Hose Crimp Fittings
Cold Formed Specials
IBJ / SBJ Housings
OBJ / SBJ Ball Pins

MacLean-Fogg
COMPONENT SOLUTIONS

Who We Are

Saegertown Manufacturing Corporation was founded in 1965 and has been a leading supplier of cold formed products for over 30 years. Saegertown joined the MacLean-Fogg family in 2008.

What We Do

Saegertown is one of North America's leading cold forging operations, serving a diverse range of industries with high-quality net-shape and near-net-shape parts. We also have a wide range of machining capabilities.

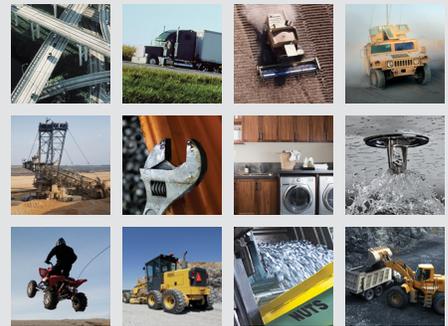

Key Products

Appliance Couplings
Fire Safety Couplings
Mining and Road Construction Bits
Ammunition Ordinances
Automotive Safety Components
Powertrain Components
Electric Motor Gear Shafts
Hose Crimp Fittings
Cold Formed Specials
IBJ Housings
SBJ Housings
OBJ/SBJ Ball Pins

Industries Served

Automotive
Heavy-Duty Truck and Trailer
Agriculture
Military and Defense
Off Highway
Hand Tool
Appliance
Fire Safety
Recreational Vehicles
Road Construction
Industrial Solutions
Mining

Core Competencies

Net Shape and Near-Net Shape Cold Forming
Machining
Heat Treating
Thread Rolling
Tooling Design
Emergency Cold Forming Services
